

Laura Elisabeth Gressler

640 W Riverfront Dr. Apt. B229 | North Little Rock, AR 72114

gressler.laura@yahoo.com | 469-438-8380

EDUCATION

University of Maryland Baltimore

Doctor of Philosophy: Pharmaceutical Health Services Research

PhD Candidate and Graduate Research Assistant

CGPA: 3.75 of 4.00

Dissertation: “The Creation of Objective Performance Criteria and Generation of Predictive Models among Medical Devices in a Vascular Space”

Advisors: Dr. Fadia T. Shaya and Dr. C. Daniel Mullins

Baltimore, Maryland

August 2017 – May 2021

University of Arkansas for Medical Sciences

Master of Science: Pharmaceutical Evaluation and Policy

GPA: 3.79 of 4.00

Thesis: “The Risks of Concomitant Benzodiazepine and Opioid Use in Veterans”

Advisor: Dr. Jacob T. Painter

Little Rock, Arkansas

August 2015 – July 2017

Hendrix College

Bachelor of Arts: Biochemistry and Molecular Biology

Thesis: “Methylation Sensitive High Resolution Melt in the Study of the E-Cadherin Promoter”

Conway, Arkansas

August 2011 – May 2015

Dallas International School

International Baccalaureate Diploma

Dallas, Texas

August 2007 – May 2011

PROFESSIONAL WORK EXPERIENCE

University of Arkansas for Medical Sciences

Assistant Professor

- Conducting research in within the opioid, medical device, and patient engagement space
- Coordinating courses in Pharmacy Management and Advanced Pharmacoepidemiology and Pharmacoeconomics Methodologies

Little Rock, Arkansas

July 2021 – Present

US Food and Drug Administration

ORISE Fellow

- Aided in the infrastructure development and maturation of Coordinated Registry Networks in 12 clinical areas
- Conducted in-depth literature reviews, assessments of current data landscapes, identification of core data elements, gathering of data, and appropriate dissemination of results
- Participated and drafted manuscripts related to the identification of core minimum data elements and registry infrastructure
- Helped in the coordination of 9 annual meetings
- Involved in 2 projects dedicated to the signal discernment of medical devices and identification of innovation gaps

Silver Spring, Maryland

July 2018 – September 2022

US Department of Veterans Affairs

South Central Mental Illness Research, Education and Clinical Center

Research Assistant

- Evaluated the risk associated with concomitant opioid-antipsychotic use among Veterans
- Aided in the development of research methodology
- Performed the data analysis in SAS

Little Rock, Arkansas

June 2017 – September 2017

Central Arkansas Veterans Healthcare System

Little Rock, Arkansas

Research Assistant

July 2016 – June 2017

- Aided in the development of a survey directed at providers caring for veterans living with HIV
- Transferred and administered the survey using REDCap
- Identified key responders to optimize the validity of the study

Celgene

Munich, Germany

Drug Safety and Medical Information Intern

June 2015 – August 2015

- Translated physician letters and adverse event reports between German and English
- Archived past adverse event reports according to local regulations
- Reviewed published studies and articles on Celgene products and reported side effects
- Edit and assist in the final preparation of patient and physician information brochures

Hendrix College – Department of Chemistry

Conway, Arkansas

Lab Assistant and Stock Room Worker

January 2014 – May 2015

- Supervised 20 students in weekly 3-hour Organic Chemistry labs
- Responded to student queries regarding lab protocol and techniques while ensuring students followed proper safety precautions
- Communicated lab objectives to students and explained significance of experiment results

University of Texas Southwestern – Department of Urology

Dallas, Texas

Research Intern

June 2013 – August 2013

- Managed one laboratory assistant
- Led a research project on the E-Cadherin Promoter

TEACHING EXPERIENCE

Course Coordinator and Instructor

Pharmacy Management (COP PHPR 7306) – Doctor of Pharmacy

College of Pharmacy, University of Arkansas for Medical Sciences

Lecturer

Drug, Biologic, and Device Regulation (REGS 603) - Masters in Regulatory Science

Graduate Program, College of Pharmacy, University of Maryland Baltimore

Lectures: An Overview of the Regulation of Medical Devices

Regulated Products in the Marketplace (REGS 641) - Masters in Regulatory Science

Graduate Program, College of Pharmacy, University of Maryland Baltimore

Lectures: Healthcare Databases in Pharmacoepidemiology Part I, Healthcare Databases in Pharmacoepidemiology Part II, Critical Review of Pharmacoepidemiology Research Part I, Critical Review of Pharmacoepidemiology Research Part II

Medical Evidence (PHAR 5009) – Doctor of Pharmacy

College of Pharmacy, University of Maryland Baltimore

Team-Based Learning Sessions: Critically Appraising a Systematic Review, Critically Appraising a Randomized Controlled Trial (RCT)

RESEARCH

GRANTS AND FELLOWSHIPS

Team Science Voucher: Exploring the Association between Medical Marijuana Status and Antiemetic Overuse. PI: Kanna Lewis. Role: Co-Investigator; Funding: UAMS Translational Research Institute (TRI) ; \$20,000; September 2022 – September 2023.

Data Scholars Program: Leveraging Natural Language Processing Methodologies for the Refinement of Signal Detection Algorithms in Electronic Health Records. PI: Laura Gressler. Role: Principal Investigator; Funding: UAMS Translational Research Institute (TRI) ; \$20,000; August 2022 – August 2023.

Oak Ridge Institute for Science and Education (ORISE) Fellowship. PI: Laura Gressler. Role: Fellow; Funding: Oak Ridge Institute for Science and Education (ORISE); \$150,000; July 2018-Present.

A Patient-Centered Approach to Understanding the Motivational Factors Associated with the Pursuit of Treatment in Patients with Substance Use Disorders. PI: Laura Gressler and Dr. Fadia Shaya. Role: Co-

Principal Investigator; Funding: PATIENTS Program – Agency for Healthcare Research and Quality (AHRQ); \$5,847; March 2018-September 2018.

Funds for Conference Presentations and Travel. PI: Polli J; Mentor: Shaya FT. Role: Scholar. Funding: Center of Excellence in Regulatory Science and Innovation (M-CERSI); \$1,500; September 2017 – September 2018.

Evaluation of the Partnership for Success Initiative. PI: Shaya FT; Role: Research Assistant. Funding: Behavioral Health Administration, SAHMSA, Maryland Department of Health and Mental Hygiene; \$215,000; August 2017 – August 2018.

Characterizing Psychotropic Use and Risk of Concomitant Psychotropic-Opioid Use in Opioid using Veterans. PI: Hudson TJ and Painter JT; Role: Research Assistant. Funding: South Central Mental Illness Research Education and Clinical Center; \$12,000; June 2017 – September 2017.

Characterization of implementation facilitators and barriers in VA HIV clinics: examination of the inner setting. PI: Painter JT; Role: Research Assistant. Funding: VA Center for Mental Healthcare & Outcomes Research, Locally Initiated Project; \$5,000; July 2016 – December 2016.
